

BROOKS STANDING TABLES

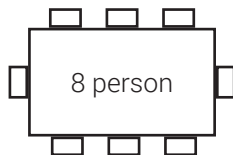

The Brooks table is our version of the “parsons” table. It is simple in design and form. The standing height of this table makes it an excellent piece for social work environments. This table comes standard with a solid wood top and natural steel base. The finish combinations for the table top and base allow for a number of different looks. This table is available in 4 standard sizes which can seat up to 6, 8, 10, or 12 people. Each table is made to order in our San Francisco workshop. Custom sizes are also available upon request.
